**Discover a New
European B2B
Marketplace for
Experience
Technologies,
Products, and
Services.**

XPRO Berlin is a new interdisciplinary B2B marketplace for experience technologies, products, and services. The focus is on innovative technologies such as virtual and augmented reality applications or multi-touch and app-based navigation systems, as well as all other technologies that enable immersive and interactive experiences in cultural, brand and entertainment environments. To this end, year-round hybrid networking and sales formats are being developed together with the XPRO Community and strategic partners to connect agencies, production and service companies with potential international customers and cooperation partners.

This year you will find us for the first time at the 3-in-1 show ITB Asia, MICE Show Asia and Travel Tech Asia 2022. We will present what XPRO is all about and what we plan to do in the Asian market in the coming years. We will be accompanied by Garamantis GmbH, a Berlin-based company that creates immersive and interactive exhibitions, and NEONREAL, a Düsseldorf-based company that develops reality-based experience spaces.

You will find our booth in hall F booth space E51.
XPRO is a new format of Messe Berlin.

Join our Experience Community!

XPRO is a European B2B marketplace connecting agencies, production and service companies with potential international customers and cooperation partners. To do this, we work with our community and strategic partners to develop yearround hybrid networking and sales formats.

Agencies and companies that want to benefit the interdisciplinary, hybrid and yearround networking and sales events can become part of the XPRO community at any time. Just send us an email and we will get back to you right away.

hello@xpro.berlin

We are also very curious to hear about your exceptional technology-based experiences to share with our growing XPRO community.

Please also follow us on LinkedIn,
Instagram or Twitter to never miss
our news and invitations !
